Who Are We?

Envision the energy and buzz in a room filled with 200 retired men, meeting every Tuesday morning for an hour—to share a cup of coffee, chat with others around a table, then listen to a speaker who will leave us with new thoughts and insights. That's who we are who make up the Guelph Wellington Men's Club.

But we're so much more than that! We're men who come from a wide variety of backgrounds, have a wide variety of interests and are filled with a thirst for continued learning. We're men who enjoy social events, outings to theatres and taking tours of interesting places.

But we're more than that still! At heart, we're men who are interested in meeting and making new friends and sharing life experiences. I, as well as thousands of others over the course of 45 years, have discovered there is no better place to do that than in the Guelph Wellington Men's Club.
